OKTOBER 2025

NO.10/2025

Sabie is a forestry town situated on the banks of the Sabie River. The name Sabie is derived from the Tsonga Shangaan word "Ulusaba" which means fearful. They called it so because the river was once teeming with hungry, dangerous, fearsome, frightening fowl-breathed ugly crocodiles.

The town was started after H.T. Glynn and J.C. Ingle found gold there and formed the Glynn-Lydenburg Gold Mine Company.

At 100 meters above sea level, it has wonderful weather conditions. It has many tourist attractions and an unfamiliar Golf Course. In winter a golf ball runs much further on the fairways at Sabie than on any other course in the Lowveld. It gives the ordinary golfer, like all of us at Sages, a confidence booster.

But take note, the dongas there swallow many golf balls after a seemingly well intended shot.

38 Sages members and 6 visitors attended.

Welkom terug na 'n lang afwesigheid, Sydney Chadwick en Cas Strydom.

• GENERAL:

Die Driehoekige Toernooi op Middelburg was n groot uitdaging. Volgens die tuisveld se bestuur se berekenings het ons Laevelders met n skrale desimale punt tweede gekom en sodoende afstand gedoen aan die trofee. Ons is nogtans trots op ons span se gedrag en vertoning. Wat 'n voorreg om deel te kon wees!

Volgende byeenkoms is op Kruger Park Lodge se baan op 20 November 2025.

Soos die son se glans die dag oop brrreek
en die maan bedags homself wegsteek...
So bevestig dit die werklikheid
dat God hier is, en oorloor,
en ons mag vertoef in Sy teenwoordigheid!
Wees tog bly daaroor!

Tot 'n volgende keer,

Leon du Plessis
